Provide descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16j, 18e, 19e, 20a, 20b, 20c, 20d, 20e, 21c, 21d, 23, and 24. If applicable, provide separate descriptions for each hospital facility in a facility reporting group, designated by facility reporting group letter and hospital facility line number from Part V, Section A ("A, 1," "A, 4," "B, 2," "B, 3," etc.) and name of hospital facility.

Part V, Section A:

In addition to the non-hospital based facilities listed separately in Schedule H, Part V, Section D, AHS operates numerous physician offices related to it's various medical disciplines throughout the tristate area. These physician facilities practice under Practice Associates Medical Group (D/B/A Altantic Medical Group).

Morristown Medical Center:

Part V, Section B, Line 5: Morristown Medical Center (MMC) is committed to the people it serves and the communities where they reside. Healthy communities lead to lower health care costs, robust community partnerships, and an overall enhanced quality of life. To that end, beginning in June 2019, MMC, a member of Atlantic Health System (AHS), undertook a comprehensive community health needs assessment (CHNA) to evaluate the health needs of individuals living in the hospital service area, that encompasses portions of Essex, Hunterdon, Morris, Passaic, Somerset, Sussex, Union and Warren counties in New Jersey. The purpose of the assessment was to gather current statistics and qualitative feedback on the key health issues facing residents of MMC's service area. The assessment examined a variety of health indicators including chronic health conditions, access to health care, and social determinants of health.

The completion of the CHNA provided MMC with a health-centric view of the population it serves, enabling MMC to prioritize relevant health issues and inform the development of future community health implementation plan(s) focused on meeting community needs. This CHNA Final Summary Report

annual basis.

Methodology

MMC's CHNA comprised quantitative and qualitative research components. A

brief synopsis of the components is included below with further details

provided throughout the document:

A Statistical Secondary Data Profile depicting population and household

statistics, education and economic measures, morbidity and mortality

rates, incidence rates, and other health statistics for primary and

secondary service areas was compiled with findings presented to advisory

committees for review and deliberation of priority health issues in the

community.

A Key Informant Survey was conducted with community leaders and partners.

Key informants represented a variety of sectors, including public health

and medical services, non-profit and social organizations, public schools,

and the business community.

Analytic Support

Atlantic Health System's corporate Planning & System Development staff

provided MMC with administrative and analytic support throughout the CHNA

process. Staff collected and interpreted data from secondary data sources,

collected and analyzed data from key informant surveys, provided key

market insights and prepared all reports.

Community Representation

Community engagement and feedback were an integral part of the CHNA

process. MMC sought community input through key informant surveys of

community leaders and partners and included community leaders in the

prioritization and implementation planning process. Public health and

health care professionals shared knowledge about health issues, and

leaders and representatives of non-profit and community-based

organizations provided insight on the community, including the medically

underserved, low income, and minority populations.

Research Limitations

Timelines and other restrictions impacted the ability to survey all

potential community stakeholders. MMC sought to mitigate these limitations

by including in the assessment process a diverse cohort of representatives

or and/or advocates for underserved populations in the service area.

Prioritization of Needs

Following the completion of the CHNA research, MMC's Community Health

Advisory Sub-Committee prioritized community health issues, which are

documented herein. MMC will utilize these priorities in its ongoing

development of a Community Health Improvement Plan which will be shared

publicly on an annual basis.

Overlook Medical Center:

Part V, Section B, Line 5: Overlook Medical Center (OMC) is committed to

the people it serves and the communities where they reside. Healthy

communities lead to lower health care costs, robust community

partnerships, and an overall enhanced quality of life. To that end,

Key Community Health Issues

Overlook Medical Center, in conjunction with community partners, examined

the findings of qualitative and quantitative data review to prioritize key

community health issues. The following issues were identified and adopted

as the key health priorities for OMC's 2019-2021 CHNA:

Obesity / Unhealthy Weight / Food Insecurity

Mental Health & Substance Misuse

Heart Disease & Diabetes

End of Life Care

Cancer

Provide descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16j, 18e, 19e, 20a, 20b, 20c, 20d, 20e, 21c, 21d, 23, and 24. If applicable, provide separate descriptions for each hospital facility in a facility reporting group, designated by facility reporting group letter and hospital facility line number from Part V, Section A ("A, 1," "A, 4," "B, 2," "B, 3," etc.) and name of hospital facility.

Stroke

Based on feedback from community partners, health care providers, public

health experts, health and human service agencies, and other community

representatives, Overlook Medical Center plans to focus on multiple key

community health improvement efforts and will create an implementation

strategy of their defined efforts, to be shared with the public on an

annual basis.

Methodology

OMC's CHNA comprised quantitative and qualitative research components. A

brief synopsis of the components is included below with further details

provided throughout the document:

A Statistical Secondary Data Profile depicting population and household

statistics, education and economic measures, morbidity and mortality

rates, incidence rates, and other health statistics for primary and

secondary service areas was compiled with findings presented to advisory

committees for review and deliberation of priority health issues in the

community.

A Key Informant Survey was conducted with community leaders and partners.

Key informants represented a variety of sectors, including public health

and medical services, non-profit and social organizations, public schools,

and the business community.

Analytic Support

Atlantic Health System's corporate Planning & System Development staff

provided OMC with administrative and analytic support throughout the CHNA

process. Staff collected and interpreted data from secondary data sources,

collected and analyzed data from key informant surveys, provided key

market insights and prepared all reports.

Section C. Supplemental Information for Part V, Section B. Provide descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16j, 18e, 19e, 20a, 20b, 20c, 20d, 20e, 21c, 21d, 23, and 24. If applicable, provide separate descriptions for each hospital facility in a facility reporting group, designated by facility reporting group letter and hospital facility line number from Part V, Section A ("A, 1," "A, 4," "B, 2," "B, 3," etc.) and name of hospital facility.

Community Representation

Community engagement and feedback were an integral part of the CHNA process. OMC's Community Health Department played a critical role in obtaining community input through key informant surveys of community leaders and partners and included community leaders in the prioritization and implementation planning process. Public health and health care professionals shared knowledge about health issues, and leaders and representatives of non-profit and community-based organizations provided insight on the community, including the medically underserved, low income, and minority populations.

Research Limitations

Timelines and other restrictions impacted the ability to survey all potential community stakeholders. OMC sought to mitigate these limitations by including in the assessment process a diverse cohort of representatives or and/or advocates for underserved population in the service area.

Prioritization of Needs

Following the completion of the CHNA research, OMC's Community Health Advisory Sub-Committee prioritized community health issues, which are documented herein. OMC will utilize these priorities in its ongoing development of a Community Health Improvement Plan which will be shared publicly on an annual basis.

beginning in June 2019, NMC, a member of Atlantic Health System (AHS),

undertook a comprehensive community health needs assessment (CHNA) to

evaluate the health needs of individuals living in the hospital service

area, that encompasses portions of Sussex and Warren counties in New

Jersey as well as portions of Pike County in Pennsylvania. The purpose of

the assessment was to gather current statistics and qualitative feedback

on the key health issues facing residents of NMC's service area. The

assessment examined a variety of health indicators including chronic

health conditions, access to health care, and social determinants of

health.

The completion of the CHNA provided NMC with a health-centric view of the

population it serves, enabling NMC to prioritize relevant health issues

and inform the development of future community health implementation

plan(s) focused on meeting community needs. This CHNA Final Summary Report

serves as a compilation of the overall findings of the CHNA process. This

document is not a compendium of all data and resources examined in the

development of the CHNA and the identification of health priorities for

NMC's service area, but rather an overview that highlights statistics

relevant to NMC's health priorities for the CHNA/CHIP planning and

- 7 **State filing of community benefit report.** If applicable, identify all states with which the organization, or a related organization, files a community benefit report.

Part I, Line 6a:

The 2019 community benefit report will be made available to the public via the Atlantic Health System website (www.atlantichealth.org).

Part I, Line 7:

Charity and unreimbursed Medicaid gross patient charges were decreased to cost by applying the cost to charge ratio which was calculated on Worksheet 2 per the IRS instructions.

All other costs for the remaining programs were compiled by the applicable program directors and represent actual expenses that were made.

Part I, Line 7g:

Subsidized Health Services represent clinical patient care services that are provided, despite a negative margin, because they are needed in the community. During 2019 the organization provided 39 such clinical patient care programs. The net community benefit expense represents the total actual expenses offset by any patient and grant revenue.

Part VI Supplemental Information (Continuation)

Part III, Line 2:

The bad debt expense at cost was established by "grossing up" the bad debt expense per the audited financial statements to gross charges and applying the 2019 cost to charge ratio as calculated on worksheet 2.

Part III, Line 3:

The portion of bad debt expense that reasonably could be attributable to patients who may qualify for financial assistance under the Organization's Charity Care program was calculated by identifying patients that were admitted with no insurance benefits. The Organization's collection agency's review process and charity care eligibility notification efforts are thorough, it is highly likely that these patients would have qualified for the Organization's Charity Care program had they applied. As a result, the organization believes this amount should have been treated as community benefit expense.

Part III, Line 4:

Patient Service Revenue and Related Adjustments:

Effective January 1, 2018, the Hospital adopted FASB ASU 2014-09, Revenue from Contracts with Customers (Topic 606), using a modified retrospective method of adoption. The adoption of ASU 2014-09 resulted in changes to the Hospital's presentation and disclosure of revenue primarily related to uninsured or underinsured patients. Under ASU 2014-09, the estimated uncollectible amounts due from these patients are generally considered implicit price concessions that are a direct reduction to patient service revenues. For the year ended December 31, 2019, and December 31, 2018 the Hospital recorded \$111,371,000 and \$91,563,000, respectively, of implicit price concessions as a direct reduction of

Part VI Supplemental Information (Continuation)

patient service revenues that would have been recorded as provision for

bad debts prior to the adoption of ASU 2014-09.

For the year ended December 31, 2017 the Hospital recorded \$74,646,000 of

provision for bad debts.

Part III, Line 8:

2019 Medicare Allowable payments received as calculated per the 2019

Medicare Cost report exceeds the 2019 Medicare costs generating a Medicare

surplus to the organization of over \$40.8 million. Although there was a

surplus in 2019, participation in the Medicare program should be

considered community benefit because:

- Non-negotiated Medicare rates are sometimes out-of-line with the true

costs of treating Medicare patients.

- By continuing to treat patients eligible for Medicare, hospitals

alleviate the federal government's burden for directly providing medical

services. The IRS recently acknowledged that lessening the government

burden associated with providing Medicare benefits is a charitable

purpose.

- IRS Rev Ruling 69-545 states that if a hospital serves patients with

government health benefits, including Medicare, then this is an indication

that the hospital operates to promote the health of the community.

Part III, Line 9b:

The organization's collection policy is as follows:

This Section sets forth the billing and collection policies and procedures

of Atlantic Health System and explains the actions that may be taken if a

bill for medical care, including a bill for a remaining balance

after financial assistance discounts are applied, is not paid. Collection

Part VI Supplemental Information (Continuation)

agencies and attorneys acting on behalf of Atlantic Health System will be provided with a copy of this FAP.

Each billing statement will include a conspicuous notice regarding the availability of financial assistance, along with a telephone number for the specific hospital facility's Financial Counseling Office where a patient can receive information about the FAP and assistance with the application for financial assistance.

The billing statement will also include the website address where copies of the FAP, application for financial assistance, and PLS can be obtained.

A. Notification period: Atlantic Health System will bill patients for any outstanding balance as soon as the patient balance is confirmed. For uninsured patients, the first post-discharge billing statement will mark the beginning of the 120 day notification period in which no extraordinary collection actions ("ECA") (defined below) may be initiated against the patient. For insured or underinsured patients, the first post-discharge billing statement reflecting processing by an insurer will mark the beginning of the 120 day notification period in which no ECAs may be initiated against the patient (the "120-day notification period").

B. When a patient is delinquent in payment, a notice will be sent to the patient offering to discuss the billing statement to determine if financial assistance or a new or revised payment plan is needed.

Atlantic Health System may accommodate patients who request and establish payment plans.

C. When no payment has been received at the end of the 120-day notification period and a patient has not applied for financial assistance or arranged with the hospital facility's Financial Counseling Office or the hospital facility's Customer Service Office for an alternate payment plan, the patient's account will be turned over to a collection agency.

Part VI Supplemental Information (Continuation)

Atlantic Health System will inform the patient in writing that the patient's account will be turned over to a collection agency if no payment is received within 10 days (the "Final Notice"). The Final Notice will inform the patient that financial assistance is available for eligible patients and will include a telephone number for the specific hospital facility's Financial Counseling Office where a patient can receive information about the FAP and assistance with the financial assistance application process. The billing statement will also include the website address where copies of the FAP, application for financial assistance and PLS can be obtained.

D. Atlantic Health System may authorize collection agencies and attorneys working on Atlantic Health System's behalf (a "Third Party") to initiate ECAs on delinquent patient accounts after the 120-day notification period, Once an account has been referred to a Third Party, the Third Party will confirm that reasonable efforts have been taken to determine whether a patient is eligible for financial assistance under the FAP and that the following actions have been taken prior to initiating an ECA:

- The patient has been provided with written notice (the "30-Day Letter") which:
 - (a) indicates that financial assistance is available for eligible patients;
 - (b) identifies the ECA(s) that the Third Party intends to initiate to obtain payment for the care; and
 - (c) states a deadline after which such ECAs may be initiated (which deadline is no earlier than 30 days after date that notice is provided);

Part VI Supplemental Information (Continuation)

The 30-Day Letter included a copy of a plain-language summary of the FAP;

and Atlantic Health System and/or the Third Party have taken reasonable

efforts to orally notify the patient about the FAP and how the patient may

obtain assistance with the financial assistance application process.

E. Once it has been confirmed that reasonable efforts have been taken to

determine whether a patient is eligible for financial assistance under the

FAP, Third Parties may initiate the following ECAs against a patient to

obtain payment for care:

Actions that require a legal or judicial process, including but not

limited to:

a. Placing a lien on a patient's property, except as otherwise provided in

I.R.C. Section 501(r);

b. Attaching or seizing a patient's bank account;

c. Commencing a civil action against a patient;

d. Causing a patient to be subject to a writ of body attachment;

e. Garnishing a patient's wages.

ECAs do not include liens on proceeds of personal injury judgments,

settlements, or compromises, nor claims filed in bankruptcy.

F. If an incomplete application for financial assistance is received,

Atlantic Health System will provide the patient with written notice that

describes the additional information or documentation required to make a

FAP-eligibility determination. Atlantic Health System will inform Third

Parties that an incomplete application for financial assistance was

submitted and Third Parties will suspend any ECAs to obtain payment for

care for a 30-day period.

G. If a completed application for financial assistance is received,

Atlantic Health System will ensure that the following will take place:

1. ECAs against the patient will be suspended;

Part VI Supplemental Information (Continuation)

2. An eligibility determination will be made and documented in a timely manner;

3. Atlantic Health System will notify the patient in writing of the determination and the basis for the determination;

4. An updated billing statement will be provided which will indicate the amount owed by the FAP-eligible patient (if applicable), how that amount was determined and the applicable AGB percentage;

5. Any amounts paid in excess of the amount owed by the FAP-eligible patient will be refunded accordingly (if applicable); and

6. Third Parties will take all reasonable available measures to reverse any ECAs taken against the patients to collect the debt such as vacating a judgment or lifting a levy or lien.

H. If any of the hospital facilities make presumptive eligibility determinations the following is required:

1. If a patient is presumptively determined to be eligible for less than the most generous assistance available under the FAP, then Atlantic Health System will:

a. Notify the patient regarding the basis for the presumptive FAP-eligibility determination and explain how to apply for more generous assistance;

b. Give the patient a reasonable period of time to apply for more generous assistance before authorizing the initiation of ECAs to obtain the discounted amount calculated;

c. Re-determine the patient's FAP-eligibility status if a completed application for financial assistance is received.

Part VI, Line 2:

In addition to conducting a triennial CHNA, Atlantic Health utilizes

Part VI Supplemental Information (Continuation)

multiple methods to consistently understand and respond to the health needs of the communities we serve. First, we consistently analyze utilization of our emergency departments and inpatient records to identify emerging health needs in the community. Second, we actively participate in community coalitions and engage with community partners from government agencies to faith communities, to understand the unique needs that their clients/participants are expressing. Finally, we actively monitor public health data to identify trends in our local community. We do this through our membership in the North Jersey Health Collaborative which developed the njhealthmatters.org web portal for the most up-to-date data on the health of our local populations.

Part VI, Line 3:

Per the Financial Assistance Policy (FAP)

I. Purpose:

To ensure all patients receive essential emergency and other medically necessary health care services provided by Atlantic Health System, Inc.'s ("Atlantic Health System") hospital facilities regardless of their ability to pay. This policy shall apply to any Atlantic Health System hospital, including Morristown Medical Center, Overlook Medical Center, Chilton Medical Center, Newton Medical Center, Hackettstown Medical Center, and Atlantic Rehabilitation Institute, and any Atlantic Health System facility that is designated as provider-based pursuant to 42 C.F.R. 413.65.

II. Policy

It is the policy of Atlantic Health System to ensure all patients receive essential emergency and other medically necessary health care services provided by its hospital facilities regardless of a patient's ability to pay. Financial assistance is available through a variety of programs as

Part VI Supplemental Information (Continuation)

described in Section IV below to those low-income, uninsured and underinsured patients who do not otherwise have the ability to pay all or part of their hospital bill. This policy shall apply to any Atlantic Health System hospital facility, as noted above, and any Atlantic Health System facility that is designated as provider-based pursuant to federal regulations governing provider-based status at 42 C.F.R. 413.65.

Financial assistance and discounts are available only for emergency or other medically necessary health care services. Some services, including but not limited to, physician fees, anesthesiology fees, radiology interpretation and outpatient prescriptions are separate from hospital charges and may not be eligible for financial assistance through Atlantic Health System. A list of all providers, other than the hospital facility itself, providing emergency or other medically necessary care in the hospital facility, by facility, specifying which providers are covered by this Financial Assistance Policy ("FAP") and which are not can be found at Appendix A to this FAP. The provider listings will be reviewed quarterly and updated if necessary.

III.General:

A. Atlantic Health System will render health care services, inpatient and outpatient, to all New Jersey residents who are in need of emergency or medically necessary care, regardless of the ability of the patient to pay for such services and regardless of whether and to what extent such patients may qualify for financial assistance pursuant to this FAP.

B. Atlantic Health System will not engage in any actions that discourage individuals from seeking emergency medical care, such as by demanding that emergency department patients pay before receiving treatment or by pennitting debt collection activities in the emergency department or other areas where such activities could interfere with the provision of

Part VI Supplemental Information (Continuation)

emergency care on a non-discriminatory basis.

C. Atlantic Health System's FAP, application for financial assistance and

Plain Language Summary ("PLS") are all available on-line at the following

website: www.atlantichealth.org/financialassistance

D. Atlantic Health System's FAP, application for financial assistance and

PLS are available in English and in the primary language of populations

with limited proficiency in English that constitute the lesser of 1,000

individuals or 50/o of the community served by each hospital facility's

primary service area. Translations of the FAP, application for financial

assistance and PLS are available in the languages set forth on Appendix B

to this FAP. Every effort will be made to ensure that the FAP, application

for financial assistance and PLS are clearly communicated to patients

whose primary languages are not included among the available translations.

E. Paper copies of the FAP, application for financial assistance and PLS

are available upon request by mail, without charge, and are provided in

various areas throughout the hospital facilities including admissions

departments, emergency departments, and financial counseling offices

listed below. Applications for financial assistance can be submitted in

person, by mail, by fax or by e-mail.

F. If patients need assistance obtaining paper copies of the FAP,

application for financial assistance or PLS, or if they need other

assistance, they can reach the Customer Service Department at

1 -800-619-4024 or visit or contact the Financial Counseling Offices

listed above.

G. Signs or displays will be conspicuously posted in public hospital

locations including admissions areas, emergency departments, and Financial

Counseling Offices that notify and inform patients about the availability

of financial assistance.

H. The PLS will be offered to all patients as part of the intake process

I. Atlantic Health System is committed to offering financial assistance to

eligible patients who do not have the ability to pay for emergency and

other medically necessary health care services in whole or in part. In

order to accomplish this charitable goal, Atlantic Health System will

widely publicize this FAP, the application for financial assistance and

the PLS in the communities it serves through collaborations with local

social service and non-profit agencies.

J. Patients or their representatives may request financial assistance.

Patients or their representatives may be referred to financial counselors

by Atlantic Health System employees, referring physicians or others.

Financial counselors will explain the requirements for the available

financial assistance programs and will determine whether a patient is

eligible for an available financial assistance program. Those patients

Part VI Supplemental Information (Continuation)

requesting financial assistance will be required to complete the Atlantic Health System application for financial assistance (including the certification pages) and to provide the supporting documentation set forth in the application in order to be considered for financial assistance.

Translated materials and interpreters will be used, as required, to allow for meaningful communication with individuals who have limited English proficiency.

K. An uninsured patient has up to 365 days after the first post-discharge billing statement to submit a completed application for financial assistance. An insured or underinsured patient has up to 365 days from the first post-discharge billing statement reflecting processing by an insurer to submit a completed application for financial assistance.

IV. Financial Assistance Programs:

Patients of Atlantic Health System may qualify for free or discounted care under the various programs described below. In each case, Atlantic Health System will be deemed to have provided financial assistance in an amount equal to the gross charges for services provided, net of amounts paid by the patient or the patient's insurer (if any) and any governmental reimbursement or payment for such services. Atlantic Health System will report such net amounts (subject to application of a cost-to-charge ratio, in cases where financial assistance is appropriately reported based on costs rather than charges) as financial assistance provided by the organization.

About Morris County

Morris County's projected growth is 1.2%, MMC's service area also has a growth of 1.2%. The highest projected increases include Mount Arlington, 4.62%, Springfield, 4.61%, and Cedar Knolls, 5.04%. At 1,130.67 residents per square mile, Morris County is the 10th most densely populated county in New Jersey; the 21 counties range from a low of 183.02 population/sq. mile (Salem County) to a high of 14,864.40 population/sq. mile (Hudson County). MMC's service area is predominately White (Non-Hispanic). The New Jersey average for White (Non-Hispanic) is 53.9%, MMC's service area is 67.4%. Over 91% of the population, ages 5 years and older, speak English only or speak English only or speak English "very well"; this is 3 percentage points higher than the New Jersey average.

For 2019, the median household income for the MMC service area was over \$118,281 which was \$40,298 more than the state average (Mendham was 241% greater than the state average). There were fifty-two towns over \$100,000, however, in 2024 there are projected to be 62 towns over \$100,000. Six towns including Basking Ridge, Warren, Springfield, New Providence, Summit and Berkeley Heights are all projected to increase over 12% next year, 2% higher than the state average.

The state average for families below poverty was 7.8%; MMC's service area was 3.6% and Morris County was 3.2%. MMC's service area and Morris County have been projected to have no change in the 'number of families below poverty,' which is much lower than the state average.

Currently, there are about 3.8% of people within MMC's service area

Part VI Supplemental Information (Continuation)

receiving food stamps/SNAP benefits which was lower than the state

average, 9.3%, and higher than Morris county, 3.4%. Within MMC's service

area, there were three towns higher than the state average, Dover,

Plainfield and Wharton.

The New Jersey unemployment rate is 7.9%, MMC's service area was 5.9% and

the Morris County rate was 5.6%. Out of the towns in the service area,

approximately 81% were below the state's unemployment rate.

The percent of the population within MMC's service area that had 'some

high school education or less' was lower than the New Jersey average;

meaning that the area's population was, on average, more educated.

About Union County

Union County's projected growth is 2.7%, OMC's service area has a growth

of 2.4%; due to projected increases in Elizabethport, 5.13%, Springfield,

4.61%, and Rahway, 3.85%. At 5,496.42 residents per square mile, Union

County is the 3rd most densely populated county in New Jersey; the 21

counties range from a low of 183.02 population/sq. mile (Salem County) to

a high of 14,864.40 population/sq. mile (Hudson County). OMC's service

area is predominately White (Non-Hispanic). The New Jersey average for

White (Non-Hispanic) is 53.9%, OMC's service area is 40.1%. Over 84% of

the population, ages 5 years and older, speak English only or speak

English "very well"; this is 4 percentage points lower than the New Jersey

average.

For 2019, the median household income for the OMC service area was over

\$102,364 which was \$24,381 more than the state average (Short Hills was

406% greater than the state average). There were twenty towns over

\$100,000 however, in 2024 there are projected twenty-four towns over

\$100,000. There are thirty towns projected to increase over the state

average.

Part VI Supplemental Information (Continuation)

The state average for families below poverty was 7.8%; OMC's service area

was 8.1% and Union County was 8.0%. OMC's service area and Union County

both have been projected to have a larger increase in the 'number of

families below poverty' compared to the state average.

Currently, there are about 8.6% of people within OMC's service area

receiving food stamps/SNAP benefits which was lower than the state

average, 9.3%, and lower than Union County, 9.1%. Within OMC's service

area, there were eleven towns higher than the state average.

The New Jersey unemployment rate is 7.9%, OMC's service area was 8.4% and

the Union County rate was 8.4%. Out of the towns in the service area,

61.5% were below the state's unemployment rate.

The percent of the population within OMC's service area that had 'some

high school education or less educated.

About Sussex County

Sussex County's projected growth is -1.8% and NMC's service area has a

growth of -0.7%; only Hamburg has a projected increase of 0.39%. At 274.97

residents per square mile, Sussex County is the 2nd least densely

populated county in New Jersey; the 21 counties range from a low of 183.02

population/sq. mile (Salem County) to a high of 14,864.40 population/sq.

mile (Hudson County). NMC's service area is predominately White

(Non-Hispanic). The New Jersey average for White (Non-Hispanic) is 53.9%,

NMC's service area is 86.4%. Over 97% of the population, ages 5 years and

older, speak English only or speak English "very well"; this is 9

percentage points higher than the New Jersey average.

For 2019, the median household income for the NMC service area was over

\$90,159 which was \$12,176 more than the state average (Sparta was 179%

greater than the state average). There were three towns over \$100,000

(Andover, Sparta and Blairstown) however, in 2024 there are projected five

Part VI Supplemental Information (Continuation)

towns over \$100,000. No towns are projected to increase more than the state average.

The state average for families below poverty was 7.8%; NMC's service area was 3.8% and Sussex County was 3.8%. NMC's service area has been projected to have a smaller increase in the 'number of families below poverty' than the state average; however, the number of Sussex County families has been projected to increase.

Currently, there are about 4.8% of people within NMC's service area receiving food stamps/SNAP benefits which was lower than the state average, 9.3%, and higher than Sussex County, 4.4%. Within NMC's service area, there were no towns higher than the state average.

The New Jersey unemployment rate is 7.9%, NMC's service area was 6.9% and the Sussex County rate was 7.1%. Out of the towns in the service area, 73% were below the state's unemployment rate.

The percent of the population within NMC's service area that had 'some high school education or less' was lower than the New Jersey average; meaning that the area's population was, on average, more educated.

About Passaic County

Passaic County's projected growth is 1.6%, CMC's service area has a growth of 1.5%; due to a projected increase Wanaque, 5.01%, Riverdale, 6.83% and Haskell, 3.18%. At 2,764.88 residents per square mile, Passaic County is the 6th most densely populated county in New Jersey; the 21 counties range from a low of 183.02 population/sq. mile (Salem County) to a high of 14,864.40 population/sq. mile (Hudson County). CMC's service area is predominately White (Non-Hispanic). The New Jersey average for White (Non-Hispanic) is 53.9%, CMC's service area is 80.4%. Approximately 93% of the population, ages 5 years and older, speak English only or speak English "very well"; this is 5 percentage points higher than the New

Jersey average.

For 2019, the median household income for the CMC service area was \$95,000

which was \$17,017 more than the state average (Butler was 155% greater

than the state average). There were six towns over \$100,000 (Butler,

Pequannock, Hewitt, Ringwood, Wayne and West Milford) however, in 2024

there are projected ten towns over \$100,000. Ringwood has been projected

to increase 10.9% in the next five years, larger than the state average.

Approximately 3.0% of families living in CMC's service area are below the

poverty line, compared to about 7.8% statewide. Currently, there are about

3.8% of people within CMC's service area receiving food stamps/SNAP

benefits, which was lower than the state average (9.3%).

The New Jersey unemployment rate is 7.9%, CMC's service area was 6.4% and

the Passaic County rate was 7.6%. Out of the towns in the service area,

approximately 77% were below the state's unemployment rate.

The percent of the population within CMC's service area that had some high

school education or less was lower than the New Jersey average; meaning

that the area's population was, on average, more educated.

308 residents and fellows, 208 at Morristown Medical Center and 101 at Overlook Medical Center. AHS graduated 86 residents from various programs in June 2019. 29 of these graduates chose to pursue fellowship training. 14 stayed in the Atlantic Health System catchment area: of these, 5 stayed on as chief residents, 3 practiced in family medicine, 2 became hospitalists, 1 stayed in our Emergency Department, and three entered one of our own fellowships.

Atlantic Health System provides third and fourth-year medical students with clinical educational experiences:

Atlantic Health System's major medical school affiliation is with The Sidney Kimmel College of Medicine at Thomas Jefferson University. The affiliation provides opportunities for student rotations, faculty teaching and appointments, and research and clinical collaborations. Atlantic Health System also maintains medical school affiliations with, New York-Presbyterian Hospital, St. George's University Medical School, Rutgers- New Jersey Medical School, Rowan- School of Osteopathic Medicine and Rutgers- Robert Wood Johnson Medical School. These affiliations have the added benefit of enabling Atlantic Health System to offer patients the opportunity to participate in the latest clinical trials and allowing us to provide even more advanced care.

Atlantic Health System also hosts several allied health certificate programs: Emergency medical technicians were trained through the EMT basic course, EMT refresher course, ACLS/PALS course, and continuing education units in 2019.

Part VI Supplemental Information (Continuation)

A number of critical services that benefit the community are located within Atlantic Health System organization, rather than at an individual medical center. They include protection and security services/emergency management, ambulance and helicopter service, research and clinical trials, library services, and efforts to provide a sustainable, green environment of care.
