2 tickets to VIP reception; name listed on website; name listed on lobby banner for one year; listed in program.

Twenty-seven years ago, the Foundation's beloved trustee, C. Edward McCracken sought to brighten the holidays for patients and their families by lining the hospital's majestic driveway and main entrance with a festive and illuminating display of white lights. Alongside our friend and colleague, Foundation Director Diane Brennan, the Festival of Lights was created to provide our community with an opportunity to express its support for the hospital and its mission by donating lights and trees in memory and honor of loved ones. It has become a wonderful community tradition!

This year's event will honor **Paul Owens, MD**, Chief Medical Officer for Newton Medical Center and Hackettstown Medical Center. Dr. Owens has been a compassionate member of the Newton Medical Center family since 1994 as a cardiologist, in a variety of medical staff leadership roles, and then as Chief Medical Officer since 2012. Dr. Owens has been an innovative leader helping to implement important new programs and services that bring our hospital into the future of health care delivery.

Please join us for the C. Edward McCracken Festival of Lights. Your contribution will be noted in the Festival of Lights program and on the Recognition Board in the hospital lobby. It is a meaningful way to start the holiday season, beautify the hospital and most importantly, to honor someone special.

## Brighten the Holiday Season!

Remember or honor a loved one -  
contribute to the Festival of Lights!
