

# Remote Access for Employee VPN and MFA

---

For Microsoft Windows Operating System

In order to login to the Atlantic Health System Employee VPN, you need to first be enrolled in MFA (Multi Factor Authentication).

You can enroll in MFA by following the instruction guide [here](#)

- 1) Open Internet Explorer 
- 2) Go to the URL: <https://www.atlantichealth.org/secure-ahs-remote-access.html> and click on the "Employee VPN Access" link.

## Secure AHS Remote Access

Atlantic Health System provides several options for secure, convenient access to our network from remote environments. This service is exclusively for our employees and partners.

Please select your destination from the options below to access the appropriate sign-in page:

**Employee VPN Access**

Medical Staff VPN Access

Resident VPN Access

Radiology Remote Imaging Access

Citrix Apps Remote Access

AHS Employee Webmail

Employee Timecard - API Healthcare

Annual Mandatory Training

Employee Store

CSC Remote Connection

Support Professionals

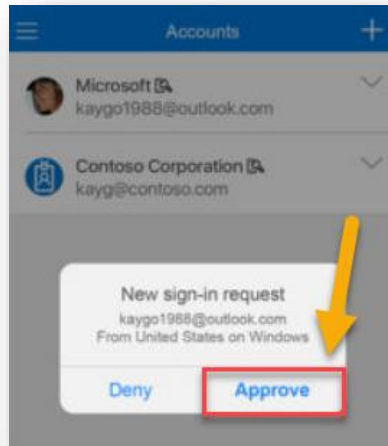

[See instructions for help with your remote access >](#)

- 3) At the login screen, please enter your AHS windows user name and password.

The screenshot shows a web-based login interface for the Atlantic Health System. At the top left is the Atlantic Health System logo, consisting of an orange and blue square icon followed by the text "Atlantic Health System" in blue. Below the logo, the text "Welcome to Atlantic Health System's Secure access VPN for employees" is displayed in bold black font. Underneath this, there are two input fields: "User name" with the text "myAHSaccount" and "Password" with a series of dots. Below the password field is a "Sign In" button.

- 4) Once you click "Sign In", the page will remain unchanged while we try to complete the MFA or second layer authentication. The page is not frozen, it is simply waiting for the MFA process to complete. Please accept the phone call from **973-973-0000** and press # or hit "Approve" when the mobile app notification pops up (depending on how you have configured your authentication preference).

- 5) If the MFA authentication was successfully completed, and the login credentials were accepted, then you will be brought to the Launching Network Connect screen. This can take up to a few minutes to load.

Note: If you have issues here, please call the Customer Support Center at 973-971-7272

- 6) If this goes through, the AHS Compass Intranet page should come up and from here on, you should have access to our internal resources.
