

Pulse Secure VPN (formerly Juniper VPN) for Windows

This document provides information about how to configure Pulse Secure for accessing AHS Resources.

Enrollment to MFA is only required to be done once. You can now access Pulse Secure with Multi Factor Authentication (MFA) from a computer that is not within the AHS network:

For Instructions on MFA Setup Click Here.

- 1. Open Internet Explorer 📿 (Windows)
- 2. Go to the URL: <u>https://remote.atlantichealth.org/employee</u> enter your (AHS Domain) User Name

and Password then click "Sign in".

	Atlantic Health Syst	em			
	e to Atlantic Health System's e access VPN for employees				
er [*Important* Starting Monday, April 22 Multi Factor Authentication (MFA) will be required for the AHS Employee VPN.			
sword		If you have not already earolled in MFA, you must first REGISTER. Instructions can be found here. If you have enrolled already, you do not need to do so again.			
	Sign In	Please sign in to begin your secure session. User name and Password are your Atlantic Health System network login account credentials.			
1		If you have any problems, please contact our Customer Support Center at 973-971-7272.			
		Download the Junos Pulse Client for MaCOS X installation instructions here. For help installing VPH on Windows 10 click here.			
		This computer system/remote access solution is the property of Atlantic Health System. It is for authorized use only. Atlantic Health System monitors all activities on this system and unauthorized or Improper use may result in disciplinary action, chil charges/criminal penalties, and/or other sanctions as set forth by Atlantic Health System's legal department. By continuing to use this system you indicate your awareness of and consent to these terms and conditions of use.			
		PLEASE CLOSE THIS SESSION IMMEDIATELY If you do not agree to the conditions stated in this warning.			

*Base on MFA (Multi-Factor Authentication) configuration you will either get a "Notification" via the App or a "Phone call" from 973-973-0000
